From: Irv Soffer Room No.

Date 12 / 2 / 65

Subject: TELEPHONE CO. -- FIREPROOFING MATERIAL SAMPLES

cc: Messrs. M. Levy, J. Milano, H. Tessler

As per your request, I gave Joe Milano two samples each of the following:

1. Spray Craft - Mineral wool-asbestos fiber type.
2. Mono Kote - Cementitious-vermiculite gypsum type.
3. Vonco - Cementitious-magnesium oxy-chloride type.

All three are spray-on type application and vary in dry density state after drying. They vary in hardness as listed with Vonco the hardest. They vary in cost as listed with Vonco the most expensive.

Irv Soffer
